Summary

Sales and field-force management experience in smartphone retail since 2020. Background covers area management and national field operations, target allocation and achievement tracking, sales and promoter productivity analysis, supported by field coaching and sales skills development.

Work Experience

Training Manager
2025 - 2026
TECNO · Saudi Arabia
- Identified sales-team development needs through sales reports and field feedback, working with sales, marketing and field-force teams.
- Developed and delivered practical training on product benefits, competitor comparisons and selling skills for retail teams and dealers.

Field Force Management Manager
2024
HONOR · Saudi Arabia
- Managed national sales-team targets, from allocation with regional managers to month-end closing.
- Analyzed sales results, promoter productivity and KPIs, and agreed corrective actions and follow-up with regional teams.

Area Manager
2023 – 2024
HONOR · Saudi Arabia
- Led promoter teams across area stores, tracking target achievement, individual productivity and sales-plan execution.
- Visited stores to assess team performance, sales obstacles, customer feedback and competitor activity, following up on solutions with store managers.

Regional Trainer
2022 – 2023
HONOR · Saudi Arabia
- Trained store teams on product knowledge, selling skills and customer experience, using practical demonstrations to explain product features and benefits.
- Visited stores after training to identify knowledge gaps and adapt follow-up sessions to field needs.

Brand Consultant
2021 – 2022
HONOR · Saudi Arabia
- Identified customer needs, demonstrated and compared products, handled objections and closed in-store sales.

Brand Consultant
2020 – 2021
HUAWEI · Saudi Arabia
- Sold smartphones and technology products in-store, and gathered customer feedback and competitor insights for the team.
